Dear Andrew

Thank you for all your help on my pattern. I know you have been very busy but you have turned out to be a real friend. I also felt sorry for the way you had been treated over conversor but now realise that you have always been the good guy in this, why could you not be paid if they were making all this money. Good luck with all your work in this matter,

Kind reagrds
Jeff

Hi Jeff,

Please find attached 4 claims with respect to protection against coyright theft.

I wrote the music for a cinema and video campaign for The Federation Against Copyright Theft, so its close to my heart, this one.

Best regards

Andrew
