Dear Ali,

**Postcode: BB5 1BS**

Further to our conversation a few minutes ago, please could you tell me – in each case - whether the five additional features \* on the ground picked up by ~~Ordnance Survey~~ on its ground visits to 110 and 112 Whalley Road, Accrington, Lancashire, BB5 1BS in April 2001 and January 2002 resulted in any change to “the current O.S. detail” transmitted to HM Land Registry, Licensed Map Resellers and PSMA Licence-holders ever thereafter?

\* (1-5, below).

Your sincerely,

Andrew Hall
