Dear Stephen

Further to your email to Ian Fletcher of 26 May 2009 which has been passed to me for reply.

In relation to the desk notes, the dates included in my email of 20 May 2009 show the dates on which the documents were last saved. I obtained these dates from the properties overview which appears as a pop-up box besides the documents in the list of files. On reviewing the full summary of the properties of each document, I can confirm that these show that the documents were created on the dates listed in your email:

Desk Notes 1.doc was created on 16 May 2007 and last saved on 28 July 2007.
?at Ass DN Ver2.doc was created on 28 July 2007 and last saved on 3 August 2007.
?at Ass DN Ver3.doc was created on 16 August 2007 and last saved on 17 August 2007.

Steve Adkins would have worked on the document as he is the author and would have saved the final version once it was agreed. I apologise for any confusion I may have caused in relation to the dates of these documents.
