

The screenshot shows a web browser window displaying the USPTO Patent Assignment Search page. The browser's address bar shows the URL `assignment.uspto.gov/patent/index.html#/patent/search`. The page header includes the USPTO logo and navigation links for "About Us", "Careers", and "Contact Us". Below the header, the main title "Patent Assignment Search" is displayed, with sub-links for "Patent Assignment" and "Trademark Assignment". On the right side of the header, there are links for "Query History" and "FAQ".

The main content area features three tabs: "Quick Lookup" (which is active), "Search", and "Advanced Search". Under the "Quick Lookup" tab, there is a "Look up by" dropdown menu with "Select one" as the current selection. To the right of this is a search input field labeled "Enter name or number" with a placeholder text "Enter an exact number or name" and a search icon.

Below the search fields, a grey box contains the following text:  
**This searchable database contains all recorded Patent Assignment information from August 1980 to the present.**  
When the USPTO receives relevant information for its assignment database, the USPTO puts the information in the public record and does not verify the validity of the information. Recordation is a ministerial function--the USPTO neither makes a determination of the legality of the transaction nor the right of the submitting party to take the action.  
[Release 2.0.0](#) | [Release Notes](#) | [Send Feedback](#) | [Legacy Patent Assignment Search](#) | [Legacy Trademark Assignment Search](#)

At the bottom of this grey box, there is a link: [API for developers](#)

The Windows taskbar at the bottom of the screen shows the search bar with the text "Type here to search" and various application icons including File Explorer, Word, and Chrome. The system tray on the right shows the time as 15:39 and the date as 27/05/2021.
