Dear Sirs

**Patents Act 1977: Patents Rules 1995**  
**Application/Patent No. GB9110291.3**

Thank you for the application for registration made on Form 21/77 (and for the accompanying documentary evidence) which is filed on GB9110291.3.

In confirmation I enclose a copy of an extract from the Register of Patents showing that the recordal requested has been made and showing the name(s) of the present proprietor(s) and the address for service. Please notify me by return if anything is not correct. If the Register already reflects the correct address for service, and the entry at box 6 merely confirms that fact, no further action is necessary. However, if you are the new address for service, for all matters relating to this patent, then you should request that this change be recorded by means of a Form 51/77. In order to ensure that correspondence is not mis-directed and lost please write to me at the Patent Office with details of any future changes that might be made to the address for service shown.

Kindly also note that renewal fees need to be paid annually by the anniversary of the application date in order to keep the patent in force.

Yours sincerely

Brigitte Wheten
